How Disability Insurance Protects You

- **Income Protection:** When you're unable to work because of a sickness, injury, or recovery from childbirth, disability insurance helps you meet your financial needs by replacing a portion of your paycheck.
- **Comprehensive Support:** We offer easy claims submission, experienced claims specialists, knowledgeable clinical resources, and thorough return-to-work and accommodation support.
- **Short-Term Disability:** When you're unable to work for a short period of time, benefits can include a replacement of a portion of your income with a weekly benefit.

1 in 4 of today's working adults will be disabled before reaching retirement age.¹

- **Long-Term Disability:** If your disability requires more time to recover, this is where long-term disability can be helpful. Pacific Life Long-Term Disability offers many of the same benefits as short-term plus a seamless transition from short-term disability to long-term (if necessary) and access to our Employee Assistance Program (EAP) offered through TELUS Health that includes versatile, personal, and confidential support services.

6 in 10 consumers say they would face financial hardship within one year if the primary wage earner becomes disabled.²
