**IMPORTANT: This is a fixed indemnity policy,
NOT health insurance**

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Hospital Indemnity Insurance

Provide Added Financial Security

Hospital admissions exceed 33 million each year, representing 10% of the American population.¹

Pacific Life Hospital Indemnity Insurance helps ease financial expenses associated with hospital stays and treatment, including:

- **Immediate Financial Assistance:** Pacific Life Hospital Indemnity provides a payment directly to the employee, enabling them to focus on their recovery.
- **Comprehensive Coverage:** Pacific Life Hospital Indemnity pays benefits when covered employees are admitted to a hospital, confined to a hospital, visit the Emergency Room, Urgent Care, or their physician, or seek other forms of treatment.
- **Event-Based Claims:** An innovative approach to the traditionally unpleasant task of filing claims. Online or by phone, the employee tells us what happened, and we do the rest, identifying applicable coverages and helping maximize their benefit payments.
