Accident Insurance

Provide Added Financial Security

63 million Americans, or about 1 out of 5, seek medical attention each year for an injury.¹

Pacific Life Accident Insurance offers extra support to employees experiencing accidental injuries, allowing them to focus on a swift recovery, including:

- **Immediate Financial Assistance:** Pacific Life Accident can help cover treatment costs and other everyday expenses by directly providing a payment to the employee.
- **Comprehensive Coverage:** Pacific Life Accident covers injuries resulting in visits to the Emergency Room, Urgent Care, the physician's office, or virtual medical consultations.
- **Event-Based Claims:** An innovative approach to the traditionally unpleasant task of filing claims. Online or by phone, the employee tells us what happened, and we do the rest, identifying applicable coverages and helping maximize their benefit payments.
